### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the allowability resides in the overall structure of the device as recited in sole independent claim 6, and at least in part, because claim 6, as amended, recites, *inter alia*: "said ignition element including an end facing said supporting floor, a conical flank about said end, and a connecting pin extending from said end through said bore, an elastic sealing element arranged between said conical flank and said supporting floor and effective to space said end apart from said supporting floor".

The aforementioned limitations in combination with all remaining limitations of said claim 6, are believed to render the claim and all claims dependent therefrom allowable over the art of record, taken alone or in combination.

Furthermore, previously non-elected claims 8-10 are hereby rejoined and allowed along with claims 6 and 7.

Furthermore, Examiner has performed the assignee and inventor name search in order to identify documents with possible double patenting issues. No documents with conflicting claims have been identified.

Furthermore, drawings filed on 02/09/09 have been accepted by Examiner.

2. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ANATOLY VORTMAN whose telephone number is (571)272-2047. The examiner can normally be reached on Monday-Thursday, between 10:00 am and 8:30 pm.
